IN-HOUSE AND LOCAL PRODUCTION

We are proud to be the first and only Galician factory specialised in the production of dry dog and cat food

At our plant in Vilanova de Arousa - located in the heart of Galicia, Spain - we have introduced the most advanced technology throughout the production process. In the production of our products we also use **top quality raw materials from Spanish suppliers**, supporting the local economy.

We know that a healthy diet is essential for the integral care of our pets, so our recipes are formulated with a balanced combination of key nutrients (**proteins, fats, carbohydrates, fibres, vitamins and minerals**), which ensure an adequate diet at each stage.

A GREAT TEAM

**More than 20
years feeding pets in
40 countries with a highly
qualified team, including
nutritionists and
veterinarians**

**The high quality and variety
of our recipes** is the result of
years of experience and research,
as well as the firm commitment
of our company to the welfare of
animals, whose main objective
is to cover all the nutritional
needs of dogs and cats.

QUALITY GUARANTEE

Highly prestigious seals such as IFS Food or Galicia Calidade guarantee the quality of our products, in whose production process we apply the same control criteria as those used in human food
